

Keep Predatory Payday Lenders out of PA!

MOAA's Pennsylvania Council of Chapters is working to protect servicemembers and their families from unscrupulous payday lenders. They need your help to ensure current protections aren't rolled back.

Click here, <http://www.stoppaydayloanspa.com/get-involved.html>, to send your state legislators a message using the Penn Action web site asking them to preserve existing laws that protect servicemembers and families from these lenders.

Simply enter your zip code and send the pre-drafted messages to your state senators and representatives. You may add your own thoughts as well.
